Tolent Civil Engineering

Landmark projects throughout the uk

Tolent Construction Limited carries out a wide range of civil engineering projects, in the public and private sectors, on a nationwide basis from its five strategically located regional offices.

The philosophy of the company is to provide a comprehensive service to clients, by responding promptly to enquiries and following up in an effective and efficient manner.

Projects range from modest values to multi million pound undertakings, either to the client's design and specification or on a design and build basis.
